

# **NAMED GIVING OPPORTUNITIES**

PATTY BAKER HUMANE SOCIETY NAPLES

## ***Making a Significant Difference to A Cause Nearest to Your Heart***

Patty Baker Humane Society Naples was founded in 1960 and has grown into one of our region's leading rescue organizations. Our mission has remained unchanged, and we have been able to achieve our life-saving initiatives due to the unwavering support of our animal-loving community.

By naming a physical space or creating a dedicated fund at our Main Shelter, the von Arx Adoption Center, or the Oaks Campus, you directly support the life-saving programs and services offered at each location.

This packet includes a complete list of named gift opportunities available across all three campuses, as well as several designated funds you can support to help advance our mission.

If any questions arise or you'd like to explore a personalized giving opportunity, I would be honored to speak with you.

Thank you for taking the time to explore these opportunities — and for considering a gift that not only honors your compassion but also helps create a better future for the animals who need us most.

Best Wishes,

Sarah Baeckler, CEO
